LOIRE VALLEY

FRANCE

Chambord is one of the most awe-inspiring Renaissance constructions arousing admiration and fascination throughout the world. Far from serving as a residential palace or a mere hunting lodge, the chateau is a stupendous work of art; imagined by King François I and inspired by Leonardo da Vinci, it has yet to divulge its innermost secrets.

Girded by a 32-kilometer (20-mile) enclosure wall, its 5440-hectare (13400-acre) park contains seemingly innumerable hidden pathways, pristine landscapes, and an exceptionally wide-ranging array of fauna and flora.

Whether you are searching for nature, culture, local products or recreational facilities, Chambord offers a multitude of activities in the chateau or the open air, to be enjoyed in a group, as a family or with friends, unaccompanied or escorted by an enthusiastic guide. Not to mention a copious program of cultural events that punctuates the seasons...

- **Registered since 1981 as a UNESCO world heritage site**
 - **Under two hours south of Paris**
 - **Open all year round*, 7 days a week**
 - **A collection of about 4 500 works and art pieces**
 - **Panoramic terraces**
 - **The largest wall-enclosed park in Europe**
 - **Food-producing and ornamental gardens: organic vegetable, French-style and English gardens**
 - **A horse show**
 - **A vineyard and wine tastings**
- * Except on January 1, March 20 (the third Thursday of March) and December 25 of 2025.

NEW ATTRACTIONS

BOTTICELLI: TWO MADONNAS AT CHAMBORD

Two works from the workshop of the Italian painter Sandro Botticelli are being exhibited in the chapel of the chateau: “The Virgin and the Child with the young Saint John the Baptist”, along with its model created several years before and currently conserved in the Palais Pitti of Florence. The grouping of the two pictures illustrates the influence in the Loire Valley of Italian artists including Leonardo da Vinci, whose works inspired the architecture of Chambord.

> **Exhibition from 20 October 2024 to 14 January 2025** for the painting conserved in Florence and **until October 2026** for the second painting, originating in the church of Champigny-en-Beauce (Loir-et-Cher).

No supplement, free access to the chapel with the chateau entrance ticket.

NEW HORSE SHOW STARTING IN 5 APRIL

A brand new and innovative 45-minute artistic spectacle is being presented in the one-time chateau stables. Under the direction of Mario Luraschi, costumed horsemen will thrill the spectators through breathtaking scenes of aerobatics, spectacular jousting and a host of other captivating equestrian performances. Each scene highlights key moments in the history of the chateau, proposing a blend of culture, humor and emotion.

> **From 5 April to 28 September**
and from 18 October to 2 November 2025

GROUP OUTINGS IDEA: “Chateau and horses”, fusing culture and entertainment, see page 6.

SUSTAINABLE CHAMBORD

Chambord has made a commitment to the conservation of traditional species (black bee of Sologne, Sologne ewe) and to sustainable development actions (eco-grazing in the prairies, reasoned mowing...). Products manufactured in accordance with best practices from the natural resources of the estate are offered for sale under the Chambord brand.

The “Château de Chambord” brand commercializes honey, game terrine, wooden objects from the forest of Chambord, stag antlers, leather goods, birch sap, and Chambord cosmetics as well as wine. Organically farmed vines have been planted, yielding two white wines, two red wines, and two sparkling wines.

NATURE OUTING IDEA: Private guided tour of the reserve in an all-terrain vehicle to discover the landscapes and history of the park, or the connected nature rally on the outskirts of the chateau, see pages 15 and 16.

Did you know?

A 6-bell carillon installed in one of the keeps resonates several times a day in the courtyard and the outskirts of the chateau. The visitor is warmly welcomed by harmonious melodies including the “Chambord” and traditional Christmas tunes as December nears.

TASTING AND LEISURE ACTIVITIES

CHAMBORD WINE, A HISTORIC WINE

A 1515 royal decree informs us that François I had transported from Beaune (Bourgogne) to the Loire Valley 80,000 vine plants of renowned varieties, which were reputedly at the origin of the Romorantin plant. Five hundred years later, organically farmed vines bring together five varieties two kilometers from the chateau over a surface exceeding 14 hectares. Chambord has thereby revived its wine-growing tradition and produces its own wines in eco-certified farmland without artificial yeast additives. Six wines are proposed: two whites (a Romorantin variety stemming from pre-phylloxera grapes and a Sauvignon), two AOC Cheverny reds (black pinot and Gamay), and two high-quality sparkling wines. They are on sale in the chateau shops and on-line (boutiquedechambord.fr), and may be tasted in the two restaurant areas of the estate.
